DETAILED ACTION

This Office Action is in response to Applicant's amendment filed 9 October 2008.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 22, 24, 75, 77 are rejected under 35 U.S.C. 102(b) as being anticipated by Geunther et al (US Patent 5,102,415).

Claim 22, 24, 75, 77: Guenther'415 discloses a catheter (1; shown in Figure 1) having a lumen (column 3, lines 54-55); an expandable and contractible (column 4, lines 20-36) vessel occluding element (3) that contains a braided element (mesh) and a membrane (elastic coating) (column 3, lines 57-66) having a funnel shaped surface and a longitudinally extending opening. The device further contains a vessel occluding assembly that contains an elongate support element (5) and a second, expandable and contractable, fully-vessel occluding element (6) that is positionable (Figure 4) and extendable from the catheter distal end (column 4, lines 5-10). The second expandable and contractable element is a balloon (column 4, lines 6-7).

Response to Arguments

Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
